

Bachelor of Science Information Technology

THE UNIVERSITY OF
TOLEDO
1872

University of Toledo

The **University of Toledo (UT)** is a public metropolitan research university renowned for its beautiful, scenic campuses. Located in the city of Toledo, Ohio, it is a student-centered institution accredited by the Higher Learning Commission. Established in 1872, the university became a member of the state university system in 1967. Today, UT is one of 14 state universities in Ohio, and its primary mission is to 'improve the human condition'.

The **Bachelor of Science** includes more research and technical experience and is a good choice for those who want to continue to graduate school and focus on a research career. Students can investigate a variety of topics in detail, such as how quantum mechanics limits Moore's law to where the atoms making up your body were created in the universe.

Information technology students at the University of Toledo get the best of two worlds. They take classes in our nationally ranked business college and our acclaimed engineering college. IT grads provide operational and infrastructure support for computer and information systems in businesses of all sizes and types.

"I always wanted to pursue a career in IT. I enjoyed studying this unique BS (IST) course because of the way it is taught to us at VSIT. We were given all facilities from the labs to library to help us perform better. In the two years at VSIT I have learnt a lot and I am sure this course will help me scale to greater heights in my Professional life"

Vivek Anand, BBA - 2017 Graduate
