

BS (Computer Science)

California State University
MONTEREY BAY

California State University, Monterey Bay

California State University, Monterey Bay is a well-known public institution established in 1994. The institution has a vast undergraduate enrollment of over 7,500 students and is in a suburban area. The campus is quite extensive, covering an area of 1,387 acres.

CSU Monterey Bay offers a unique opportunity for students to receive an education on a residential campus located just one mile from the stunning Monterey Bay.

Educators and community leaders founded the institution on the former site of Fort Ord. CSU Monterey Bay's faculty and staff continue to build on that legacy by exploring innovative ways to meet the needs of a new generation of students while simultaneously powering the Monterey County economy.

The Computer Science major at CSU Monterey Bay provides students with a solid foundation in fundamental computer science concepts and applied information technology skills. The program prepares students for careers in the computing technology industry or for graduate programs.

Scholarship

- Vidyalankar students are granted scholarship of approx **\$7,000** per year.

"I enrolled with Vidyalankar's California state transfer program as I saw the opportunity to study in the best state i.e. California in US. My journey at Vidyalankar is really different. VSIT arranged lectures by faculty from US which helped us to understand the culture and process of US classrooms."
