THE UNIVERSITY OF
TOLEDO
1872

University of Toledo

The **University of Toledo (UT)** is a public metropolitan research university renowned for its beautiful, scenic campuses. Located in the city of Toledo, Ohio, it is a student-centered institution accredited by the Higher Learning Commission. Established in 1872, the university became a member of the state university system in 1967. Today, UT is one of 14 state universities in Ohio, and its primary mission is to 'improve the human condition'.

The interdisciplinary **Data Science** bachelor's program housed in the College of Natural Sciences and Mathematics will prepare you to collect, structure and analyze data. The degree is focused on math, statistics, basic programming and health and science applications. You will learn software skills and data analysis tools and their application to big data in the world of science, nature and health.

Demand for data scientists is growing as more businesses, government agencies and nonprofits use data to drive decisions. There's a glut of big data, and not enough skilled data scientists to manage it.
